

Laptop Install Instructions

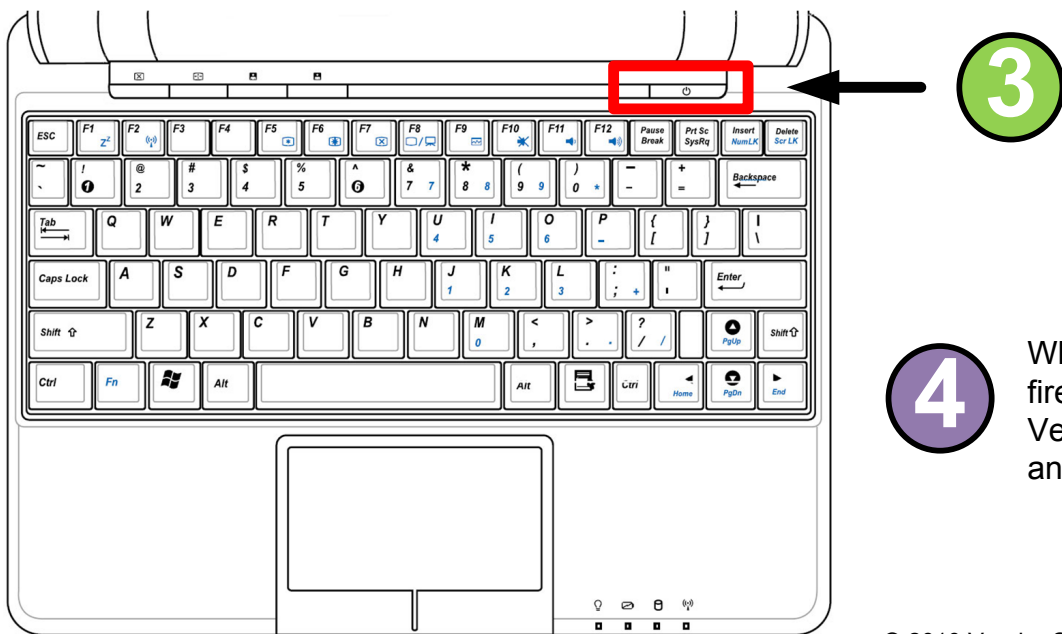

Follow these instructions to connect the laptop to the firewall, a power source, and to turn the device on. The laptop should be placed next to the Juniper firewall for an optimal install.

Connect the AC power adapter.

2 Connect the Ethernet cable here and into port 0/6 on the Juniper Firewall

3 Press the power button to turn the laptop on.

4 When you're ready to finish the firewall installation please call Vendor Safe at 713.929.0200 and press 2 for support
